Powhatan: "Why will you take by force
*what you may have quietly by love?"**

The Real Tragedy

Listen to that fuckin Indian!
Ain’t that just like a fuckin
    Indian? You

ever hear such haughty shit?
Noble Savage my ass! And
white people are taken in

    by such shit!
 That’s the real tragedy.

 And it goes on even today,
with other lying, lazy frauds.
